

Best Labs in High School Science

2-Day Hands-on, Immersive Lab Experiences!

Learn by Doing through Great Oak Academy, Woodstock, GA

Fully-equipped Science Classroom / Laboratory with Live Animals

Experienced Teacher: Norma Street, B.S. Biology; M.Ed. Science Education

Accomplish an entire school year of experiments / dissections
in one focused and exciting 2-day event!

No prior science coursework is necessary to participate.

A student's finished Lab Manual earns a Certificate of Completion.

Limited to 12 students / 2-day event. Contact us for a registration form.

Private, public, & homeschool students welcome.

\$250 covers all materials, equipment, specimens, 2 days of engaging, action-packed instruction, a lab manual, and formal lab report coaching with each student, 1-on-1.
